The Mountain is massive, rising over 20,000 feet. Spotting moose, caribou, Dall sheep or grizzlies in the wild is equally monumental. No wonder Denali National Park is on everyone's must see list. On the Inside Passage, experience forests, fjords and ice-blue glaciers plus must-see towns. Wonder continues in one port after another along the rough-hewn coastline while glaciers calve, whales leap, and sea lions lumber onto bobbing ice floes.
